

Free professional training

Women's Health Strategy and Programs provides professional development opportunities for professionals, volunteers and students working in health in WA.

These include free half-day training sessions across Perth, as well as statewide webinars, covering topics such as:

- Family and domestic violence (FDV), including coercive control and FDV in the workplace
- Female genital mutilation/cutting
- Migrant and refugee health
- Challenges with childbirth for culturally and linguistically diverse women
- Forced marriage, honour-based violence and abuse
- The use of pornography and impact on women's health
